Bona *OxyPower* Wood Floor Deep Cleaner

Effective streak-free deep cleaning of wood floors

PREPARATION

First remove loose dirt and grit from your floor using a Bona Microfiber Dusting Pad or Vacuum cleaner.

INSTRUCTIONS FOR USE

Mist Bona OxyPower Wood Floor Deep Cleaner on a small section of the floor. Wipe off using a Bona Premium Spray Mop with a Bona OxyPower Microfiber Deep Clean Pad. Continue to clean the floor, section by section. On stubborn spots spray the cleaner directly onto the spot and let it dwell for minute or two then scrub with the Bona OxyPower Microfiber Deep Clean Pad.

Note: Bona OxyPower Wood Floor Deep Cleaner can be used on oiled wood floors. However, as with any form of regular damp cleaning of an oiled wood floor, the protection and appearance will gradually diminish over time. We recommend that oiled floors are treated with a maintenance oil once the floor starts looking dull or worn.

REFILLING

2.5 litre economy sized refills of Bona OxyPower Hard-Surface Floor Cleaner are available, so you don't have to buy a new spray mop bottle every time you run out of cleaner.
