

Light Grey

Deepen the feeling with coloured oil

This colour offers a soft, light, and understated grey tone that is both calming and sophisticated, that is perfect for unwinding and relaxing. The versatility of this shade allows it to blend seamlessly with a wide range of interior design styles, from modern and minimalist to traditional. Its light and airy feel can help brighten up a room, creating a sense of spaciousness. Its subdued and muted tones offer a sense of balance and harmony that can create a peaceful and harmonious environment in any home.

**The treatment is done on white oak floors and can vary in tones and look depending on what type of wood and condition of the floor.*
