

Misty

Deepen the feeling with coloured oil

This colour is a subtle yet striking blend of misty, warm, and sophisticated tones. Its gentle misty hues create a soft and soothing atmosphere that is perfect for creating a peaceful and serene environment in any living space. The warm undertones of this shade add a sense of coziness and comfort. This colour can complement a wide range of interior design styles, from modern and minimalist to traditional and rustic. The subtle variations in its undertones create a sense of depth and richness that is truly captivating.

**The treatment is done on white oak floors and can vary in tones and look depending on what type of wood and condition of the floor.*
