STRONGER THAN EVER,
FASTER THAN BEFORE

TIME SAVING

BONA **TITAN** – STRONGER IN LESS TIME

The very high initial bonding strength ensures a secure installation. Bona Titan cures under all conditions since the crosslinking works even in very challenging settings. Its strong quick bond

makes installation easy and with the extremely high shear strength, Bona Titan is perfect for stabilizing all kinds of wooden floors.

- ✓ LIGHT TRAFFIC POSSIBLE IN 4 HOURS
- ✓ IDEAL FOR OVERSIZED PLANKS
- ✓ RAPID STRENGTH BUILD-UP

The Bienenhof in Salzburg, Austria.*

TIME SAVING FORMULA

With the increased crosslinking speed, the setting of the floors is extremely fast. The floors are safe to walk on after just 4 hours and sanding is possible after 12 hours. A prolonged open time from 30 minutes to 40 minutes also enables a more flexible working environment and sufficient time for parquet instalment.

SUSTAINABLE FROM THE INSIDE OUT

TITANIUM TECHNOLOGY - ONE BOND STRONGER

With unbeatable bonding strength, crosslinking speed, and prolonged open time the unique silane adhesive, Bona Titan, has been upgraded to outstanding performance. With its revolutionary quadruple crosslinking technology, it delivers long-lasting floors, superior durability,

and great stability, for all wood floor installations and the important fourth crosslinking component speeds up the crosslinking process.

Bona Titan offers optimal safety and consideration for the indoor environment. It is Greenguard certified and solvent-free, with very low emissions. In addition, the new sustainable package is made of 75% post-consumer recycled plastic and reduces the carbon footprint by around 60%.

PASSION FOR WOOD FLOORS

Established in 1919, Bona is a world-leading innovator with a unique system for wooden floor treatment. Through subsidiaries and distributors we have local presence in more than 90 different countries enabling us to be close to our customers and craftsmen.

Our long commitment and passion for wooden floors enable us to offer lasting, sustainable results that meet all wooden floor needs for professionals and floor owners alike.
