Bona Spray Mop Air

for Wood Floors

All-in-one solution to clean and reveal natural shine

PREPARATION

First, remove all loose dust and dry dirt from your floor using a Bona Microfiber Dusting Pad or a vacuum cleaner.

INSTRUCTIONS FOR USE

See package for instructions on initial assembly.

Insert Bona refillable cleaner bottle into the Spray Mop pressing it firmly into its socket. Attach the cleaning pad to the mop head.

Mist cleaner onto a section of the floor and then wipe clean. Continue to clean the floor section by section. Rinse and wring out cleaning pad as it becomes soiled.

On stubborn spots, spray cleaner directly onto the spot and let it work a few minutes before scrubbing and wiping off.

When it is time to refill your bottle, just hold the bottle give a firm pull the flat bottom and wide mouth makes it easy to refill with Bona Wood Floor Cleaner.

Cleaning Pad can be washed in 60°C up to 500 times. Do not use fabric conditioner.

Avoid leaving your mop standing with a wet cleaning pad face-down on the floor surface when done cleaning – this may cause permanent damage to your surface.

Note: Bona Wood Floor Cleaner can be used on oiled wood floors. However, as with any form of regular damp cleaning of an oiled wood floor, the protection and appearance will gradually diminish over time. We recommend that oiled floors are treated with a maintenance oil once the floor starts looking dull or worn.
